Hand made rugs often take up to two or more years to complete. These are 100% hand made with no two rugs exactly alike reflecting the rug maker's individual preferences and craftsmanship. They are considered

excellent and have no stains, tears, or holes.

Arguably the greatest woven works of art, these rugs with their classical and innovative designs and colors are highly prized possessions. Made from 100% wool and hand woven by the Esari Turkmen of Northern Afghanistan whose reputation for creating these unique well crafted rugs is without question.
